

The Still Point - Alignment In Spirit

Allowing a full expression of our Sacred Radiance to be experienced

In our rapidly changing world, often experienced as complex and confusing, there is the opportunity to align with the deeper rhythms of Being in each of us - The Still Point - allowing our true sense of centring, stability, peace and personal power to manifest. We remember the Sacred Radiance of who we are and how we can bring that spirit of calm to our world.

Sacred Radiance Series 1 - The Still Point - introduces you to foundational principles in the art, science and lifestyle of Attunement through exploring, experiencing and learning about:

- ☼ True Centring
- ☼ Right Atmosphere
- ☼ Authentic Identity
- ☼ History of Attunement
- ☼ Spirited Body Connections
- ☼ Sensing Exercises
- ☼ Attunement Technique
- ☼ The Sanctification Process

Format: The workshop format includes an enjoyably dynamic range of activities, with each presentation being reinforced with personal exploration and experiential exercises.

Sacred Radiance participants practicing foot attunements during their course

Facilitator: Jonathan MacIntyre is an approved International Attunement Guild Teacher and qualified Practitioner with 16 years experience. On occasion, he is joined by other Attunement or professional associates teaching in these Classes.
