## **Our Mission:**

Awakening Hearts and Healing Associations mission is to provide and encourage people from disadvantaged backgrounds to have access to and engage in one on one counselling/healing, workshops, and seminars that provide a safe environment and empower, inspire and encourage people to live their lives with passion and purpose.

To improve Self awareness, Self empowerment and Self confidence. Enabling people to connect to their own inner courage, strengths and talents and develop positive relationships with others within the community and promote and enhance improved community social wellbeing.

**Deborah Crkovnik is the founder and facilitator of AHHA**, her journey of self discovery started 17 years ago & she has established herself as a talented intuitive counsellor, helping people through difficulties and inspiring them to further develop their own skills and accept happiness in their lives. Spending many years working in the Community Sector she has a sound knowledge of not for profit organisations. Deborah worked previously in her own Business, Sacred Dimensional Pathways, facilitating workshops, retreats & one on one counselling. Deborah's skills include:- Counselling, Journey Therapy, Spiritual Counselling, Teaching, Facilitating, Event Management, Clairvoyance, Energy healing, and much more. With these skills Deborah has witnessed many shifts and healings in Adults, Children and Teenagers alike, from bedwetting, phobias, depression and some mental illnesses, where transformation has occurred and medication is no longer needed. Deborah was led to The Journey ([www.thejourney.com](http://www.thejourney.com)) with Brandon Bays in 2005 and was able to delve deeper into her own pain, grief, abuse, abandonment and self worth issues to enable deep healing. A greater passion to inspire, heal and serve others was born and she has developed into a gifted teacher, healer, and speaker. She has a deep calling to work with Aboriginal and disadvantaged people and has seen transformation occur on many levels. Deborah is also a Get Real Coach empowering Youth. ([www.getreal4youth.com](http://www.getreal4youth.com)). Deborah is passionate about teaching people to face their fears and to love and empower themselves.
